17th February 2020

RE: UPDATE – COVID19 (Coronavirus)

To all clients and staff,

The Victorian Government has announced that Circuit Breaker restrictions will be lifted, as planned, at 11:59pm tonight, 17th of February 2021.

However, there will still be some requirements that we need to follow for the meantime.

From 11:59pm tonight:

- There will be no more restrictions on leaving your home (but please stay safe!)
- **Up to 20** people can gather in outdoor spaces, from any number of households (infants and children under 12 are not included).
- **Up to 5** people can visit a home in one day (infants and children under 12 are not included). Visitors can be from any number of households, and can visit together or separately. Front and back yards are not considered to be part of the home at this time.
- Face masks must be carried at all times. They are mandatory when inside public spaces, and outdoors when you cannot maintain 1.5m physical distancing.
 - * *If you cannot wear a mask due to your disability, health reasons or other communication requirements; or for people under 12, this does not apply.*
- Childcare, early education, schools, and adult education will open.

You can read more about what will be required in certain community settings and workplaces in more detail here (click):

<https://www.premier.vic.gov.au/sites/default/files/2021-02/210217%20-%20Full%20list%20of%20restrictions.pdf>

Everyone should continue to use handwashing, sanitising, cleaning and infection control procedures, and comply with relevant PPE practices (masks, gloves, etc.) When you are out

in the community, continue to check in to businesses you visit using the QR codes usually located at their entrance.

We do have limited stocks of reusable face masks if you require them. Please contact our team on **(03) 9483 4755** if this is the case.

Stay safe, stay well – and well done to everyone. It's been an amazing effort from the Victorian community.

Warm Regards,

Karl Ellaway
Director
